HOW TO READ THIS BROCHURE

Availability at a glance

Every product carries a coloured tag showing how we supply it. Use it to plan: in-stock ranges can be with you quickly, made-to-order ranges need booking ahead of the season.

Prices and quotations

Outdoor prices change with stock and shipping through the year, so this brochure carries no prices. Send us your list and quantities and we will come back with a quotation, current stock levels and delivery dates.

Tap to find out more

Every product in this brochure is a link. Tap it to see the product online or to email us about it.

Sizes

Sizes are in millimetres: H height, W width, D depth, SH seat height, AH arm height. Where a size is not shown, ask us and we will send the specification.

Matching sets

Many designs come as a family: a side chair, an armchair and a high stool, with a table to match. Look for the same name across the Chairs, Armchairs, Bar Stools and Tables sections, or use the A to Z index at the back.

WHAT OUR CLIENTS SAY

★★★★★
“Chris at Forest provided us with the perfect combination of furniture for our new hospice cafe. A design brief was sent through and matched- the look, feel and combinations were just right -responses and deliveries were timely, professional and Chris was a pleasure to deal with, thank you!”
Hospice café · Google review

★★★★★
“... They understood the need to take our Members at the Golf Club with us as we embarked on what would be quite a radical transformation of the clubhouse. They were generous with their time and fabric swatches whilst we made our decisions on colourways and styles, helped with CAD layouts to confirm seating and capacity, and most importantly kept us informed of progress during the manufacturing phase. ...”
Golf clubhouse · Google review

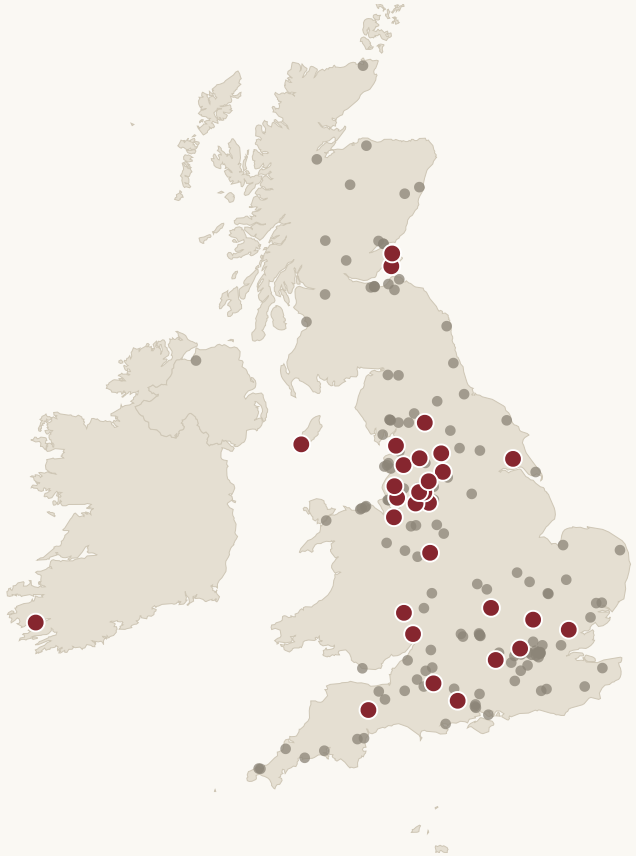

★★★★★
“After being badly let down by another supplier, Chris and the team at Forest jumped in and saved the day ! From first contact to delivery this was a first class experience, very attentive and professional throughout. Not only a great product at a great price but actually delivered 2 weeks early ! Without question we'll be using them for the rest of the project. I can't thank you enough.”

Planning for the season

Outdoor furniture is in demand from spring. Made-to-order ranges usually take 6 to 8 weeks, so order early for a summer opening. Stock ranges can sell out in peak season: we will always confirm stock before you order.

- Help with layouts, covers and quantities
- Indoor and outdoor furniture on one order
- Parasols, bases and tops matched to your tables
- A single point of contact from quote to delivery

Caring for outdoor furniture

Wipe metal, plastic and woven furniture with mild soapy water and rinse. Oil timber regularly to keep its colour. Store cushions indoors and stack or cover furniture over winter to make it last.

Terms and conditions

All images and descriptions in this brochure, our website and other literature are approximate and for general guidance only. Colours may vary from those shown. Because we and our makers keep developing our products, specifications may change without notice; please confirm critical details with our team before you order. Stock levels and lead times change through the year and are confirmed at the time of order. Some made-to-order designs have a minimum order quantity. Our standard terms are pro forma for first orders: a 50% deposit, with the 50% balance paid on completion, before delivery. 30-day credit facilities are available after a first pro forma order, subject to status and checks.

Photography is for illustration only. Errors and omissions excepted. Forest Sofa Ltd trading as Forest Contract. Registered in England and Wales, company number 05170110. Registered office: Ford Lane, Salford M6 6PD.

Web edition, for screen and email. A print edition with high-resolution images and bleed is available for professional printing.
