# Furniture for hotels, pubs, restaurants, bars and cafés

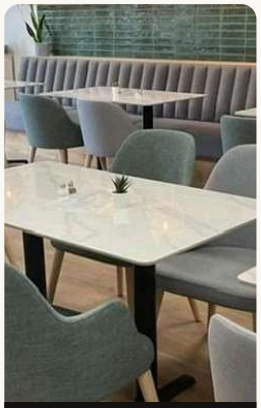

The Collection brings together 406 designs of contract seating and tables, from our own factories in Salford and Blackburn and from trusted makers across the UK and Europe.

Every upholstered piece can be finished in our fabric and leather ranges A to E, or your own fabric, with a choice of wood stains and finishing touches such as piping and studding. Our design team can help you put the whole scheme together, and a single account manager looks after your order from quotation to delivery.

WHAT OUR CLIENTS SAY

★★★★★

"Chris at Forest provided us with the perfect combination of furniture for our new hospice cafe. A design brief was sent through and matched- the look, feel and combinations were just right -responses and deliveries were timely, professional and Chris was a pleasure to deal with, thank you!"

Hospice café · Google review

★★★★★

"... They understood the need to take our Members at the Golf Club with us as we embarked on what would be quite a radical transformation of the clubhouse. They were generous with their time and fabric swatches whilst we made our decisions on colourways and styles, helped with CAD layouts to confirm seating and capacity, and most importantly kept us informed of progress during the manufacturing phase. ..."

★★★★★

"After being badly let down by another supplier, Chris and the team at Forest jumped in and saved the day ! From first contact to delivery this was a first class experience, very attentive and professional throughout. Not only a great product at a great price but actually delivered 2 weeks early ! Without question we'll be using them for the rest of the project. I can't thank you enough."

# Reading the products

Prices are per item, in pounds sterling and excluding VAT, valid for 2026. Please confirm current prices and lead times with your account manager before you order.

| | |
|---|---|
| **From** | The lowest price for the finished piece, in the most affordable option shown, such as a veneer seat or our own fabric. Higher fabric ranges and other options cost more: your account manager will price the version you choose. |
| **COM from** | Customer's own material: the price when you send us your own fabric or leather. The option label shows how much we need. A heavy pattern repeat can add to that, so please tell us. For a commercial venue, your fabric must meet CRIB 5 (BS 5852). |
| **Options** | The labels on each product list its finishes, for example a veneer seat, Veneto faux leather or fully upholstered. |
| **MOQ** | Minimum order quantity, where one applies. |
| **Price on application** | Ask us for a quotation; prices depend on size, finish or quantity. |
| **Price to be confirmed** | New designs on our website since the last price list: ask us for the price. |

SERVICE

# Banquette Seating

Made to order in our own factory, so every dimension can be specified to fit your venue perfectly: straight runs, L-shapes, U-shaped booths and back-to-back seating.

See banquette seating online

Shown: The Buckinghamshire Golf Club

**Bolster back**

**Buttoned back**

**Fluted back**

**Head roll**

**Plain back**

**Priced on application.** Our fixed seating is made to measure, so every dimension can be specified. Indicative prices on the next page are per metre, based on a seat 900 mm high, 600 mm deep with a 450 mm seat height. To change these dimensions or the style, ask our team for a bespoke quotation.

To quote and produce accurately, we need a floor plan or site measurements before production starts. At that stage we also agree all capping, radiator grilles, kickerboards and back panels with you.

BANQUETTE SEATING

# Modular banquettes

As well as made-to-measure banquettes, we offer modular banquette seating in sections from 500 mm to 2,000 mm wide, so you can create hundreds of layouts.

The sections are delivered fully assembled, ready to place in your venue without a fitter. Designs include plain, fluted and button back. Prices are for the plain design; other styles cost more.

- Section widths: 500, 700, 1,000, 1,200, 1,500 and 2,000 mm, plus a 620 mm corner
- Layouts: L-shape, U-shape or booth, straight run, back to back
- Backs: button back, plain back or bench
