Introduction

Forest Contract specialise in the manufacture and supply of quality contract furniture to the care leisure and hospitality markets.

Operating from two large factories based in Manchester & Blackburn, we have over 50 years' experience in furniture manufacture. Our experienced team work together to source, manufacture and hand finish each upholstered product, providing our customers with the best level of service and premium UK-made furniture.

We appreciate the importance of safety and durability which is why all our products meet or surpass the BS5852 and CRIB5 Fire & Safety standards with certificates available upon request.

Pricing Explained

Our price list includes a COM option (customer's own material). This option is available for clients who wish to send their own fabric in to us for upholstery. If you have a heavy pattern repeated fabric or real leather, please advise our sales team as this may increase material requirements.

Alternatively, we can provide a wide array of contract suitable fabrics & leathers which fit into the following groupings:

Range A - House Faux Leather

Range B - Standard Faux Leather / House Fabric

Range C - Standard Fabric / Standard Real Leather

Range D - Premium Fabric / Vintage Real Leather

Range E - Deluxe Fabric / Premium Real Leather

To see some examples of fabrics & leathers within each range visit:

Interior Design

Our team are passionate about delivering a space that clients can be proud of. Our contract design service is uniquely tailored to suit each client's venue and budget. We choose a modular approach for each project, meaning clients get the help they most need and ideas put forward are the most relevant for the venue.

FULL CONSULTATION PROCESS

An initial in-depth meeting to understand your site, budget and project aims, as well as better understand your organisation's brand personality.

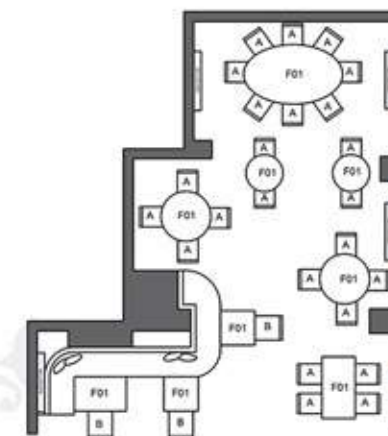

Following from this, if required a site measure to ensure accuracy of floor plans.

CONCEPT DESIGNS

A presentation of initial concept with design intent and opportunity for feedback.

The production of a moodboard: fabrics, wall finishes, colour ways displayed physically. 2D general arrangements of suggested furniture placement.

DESIGN DEVELOPMENT

Bring designs to life by allowing us to render your venue in 3D. See how the finishes and furniture will transform the venue.

Following from this, final quotation of works including value engineering to ensure that the best possible design and best possible budget marry up.

IMPLEMENTATION/MANAGEMENT

Finally, it's time to progress to the project manufacture & install.

A dedicated point of contact from our sales team will project manage your build, producing a schedule of works & lead times. We will manage contractors on your behalf, so you can relax while the venue transformation begins.

Interior Design

We appreciate that every project will be different, therefore we don't offer a "standard" pricing structure for our design services.

We believe in offering the best value for money and the most relevant design solution to every job we work on. As each venue can vary in size, shape, requirements and timescale, we quote design job on a price on application basis. Contact a member of our sales team today to discuss your options.
